SCHLEIFMITTELWERK

Product Information

Ceramic Cloth ERSTA, top coated Article-No. 051 XP

Base Stock	Heavy X- or XY-weight polyester cloth
Bonding	Resin over resin, top coated
Grain Type	Ceramic / Aluminium Oxide
Coating	Close coat
Grain Size	120, 80, 60, 40, 36, 24
Manufactured Width	1.480 mm / 1.650 mm
Availability	Belts, rolls
Market Segment	<p>To be used with relatively high pressure especially where good stock removal on flat surfaces is required.</p> <ul style="list-style-type: none">▪ Removal of oxide layers on semi-finished stainless implants▪ Removal of forging flashes and surfaces of forged materials▪ Removal of laminar welding seams.
Advantages	<ul style="list-style-type: none">▪ Heavy duty, tear-proof backing▪ Excellent stability of the grain in the bonding structure. The special coating reduces heat development on the belt and the workpiece.▪ Extremely hard and tough micro fragmentation of grain leads to development of new cutting zones = self-sharpening effect.
Benefits	<ul style="list-style-type: none">▪ Versatile application possibilities▪ Long life▪ Excellent performance Reduced scratch depth resulting in an improved finish.
