Product Information

Aluminium Oxide Paper MATADOR waterproof (flexible) Article-No. 591 A

Base Stock	Flexible A-weight latex paper with high tear resistance
Bonding	Resin over resin, waterproof
Grain Type	Aluminium Oxide
Coating	Close coat
Grain Size	P 800, P 600, P 320, P 280
Manufactured Width	1.650 mm
Availability	Sheets, cut sheets, discs
Market Segment	Wet and dry sanding operations at OEM's and in the automobile repair sector. These operations are mainly the sanding of electrocoat, primers and fillers based on acrylic and alkyd-resins.
Advantages	<ul style="list-style-type: none">▪ Short dipping in water is fully sufficient - no long soaking necessary (max. 2-3 hours).▪ Due to a skin friendly treatment of the paper's reverse side a continuous operation is possible.▪ Performance and durability are further enhanced by a new resin formulation with better dust rejection.▪ Even scratch pattern with little tolerances to roughness.
